

Tula State University Institute of International Education

The history of Tula State University starts in the year 1930. Today the University is the largest educational, research and innovation center in the region, one of the recognized leaders of higher technical education in the country. More than 16,000 students and more than 500 postgraduate and doctoral students study in TSU.

The university enrolled the first foreign students in 1962. Since that year a large number of highly skilled professionals have graduated to work in European, Asian, African and Latin American countries. Today about 1,000 foreign students from more than 60 countries study in TSU.

The University has a rich material and technical base: its own sports center, hospital, health resort, comfortable dormitories, etc.

Foreign applicants are offered a wide range of educational programs at TSU in accordance with the level and specialty of prior education. TSU has implemented multi-level system of specialists training: secondary and higher education in over 150 fields of study and qualifications; training of highly qualified personnel in 70 specialties of medical residency, postgraduate and doctoral studies; additional professional training.

Applicants who do not speak Russian language are offered to study an additional educational program that ensures the mastering of basic educational program of higher education in Russian language, which is realized by the Pre-university training center for foreign citizens (PUTCFC) of the Institute of International Education.

PUTCFC offers five major programs: technical, economic, liberal arts, natural science and biomedical. Our expert and tactful teachers base their work on the successful experience of building an effective education system, finding an individual approach to each student, as well as new techniques of intensive training. This makes the study of Russian language interesting and rich, as well as productive despite a very short time of study.

You need to apply the following documents to study in PUTCFC:

- original document of previous education with duly legalized translation into Russian (if necessary);
- certificate of recognition of foreign education in Russian Federation (if applicable) issued by Federal Education and Science Supervision Agency (www.nic.gov.ru);
- passport of the holder of the document with the translation into Russian language certified in the prescribed manner;
- Medical certificate stating the absence of HIV infection and AIDS disease;
- 6 photos, 3x4 cm.
